

# LIFE HISTORY RESEARCH SOCIETY CONFERENCE SCHEDULE

University of Oxford

Venue: Worcester College

Date: Monday 11<sup>th</sup> July 2022

<u>Time</u>	<u>Main auditorium</u>	<u>Studio</u>
8:00 - 9:00 AM	Registration/Coffee & tea	
8:30 - 9:00 AM	Welcome to the LHRS 2020 (Lucy Bowes, University of Oxford)	
9:00 - 10:30 AM	<p style="text-align: center;"><u>Symposium</u> Professor Rowe, Professor Jeffrey D. Burke, Emilie Butler, Dr Patrycja J. Piotrowska, Chaired by Prof Rowe, Prof Jeffrey D. Burke</p> <p style="text-align: center;"><b>They'll grow out of it? Long and short term outcomes of heterogeneous forms of antisocial behaviour</b></p>	<p style="text-align: center;"><u>Individual Research Presentations</u></p> <p>Ilaria Constantini: Childhood trajectories of emotional and behavioural difficulties associated with a polygenic risk score for neuroticism in a UK birth cohort study</p> <p>Dr Bettina Moltrecht: What are the developmental and conceptual relationships between emotion dysregulation and internalizing and externalizing symptoms in childhood?</p> <p>Dr Hugo Gomes: Are self-reports of offending in longitudinal studies affected by testing effects? Evidence from a longitudinal experiment</p> <p>Dr Ellen Thompson: The role of genetics and the environment on the relationship between weight related indicators and common mental health: Results from two twin studies</p> <p>Dr Stephanie Langevin: Life-course Persistent Antisocial Behaviors and Accelerated Aging in a Longitudinal Birth Cohort</p>
10:30 - 11:00 AM	Coffee break	
11:00 - 12:30 PM	<p style="text-align: center;"><u>Symposium</u> Jessica Mayumi Maruyama, Prof. Joseph Murray, Alicia Matijasevich</p>	<p style="text-align: center;"><u>Individual Research Presentations</u></p> <p>Prof Kimberly Henry: Two-Part Models for Father-Child Relationship Variables: Presence in the Child's Life and Quality of the Relationship Conditional on Presence</p> <p><i>Dr Jessica Agnew-Blais</i>: Mother's and children's ADHD genetic risk, household chaos and children's ADHD symptoms: a gene-environment correlation study</p>

	<p>Chaired by Jessica Mayumi Maruyama</p> <p><b>Child and adolescent mental health before and during Covid-19: Longitudinal evidence from two Brazilian birth cohorts</b></p>	<p>Dr Annie Herbert: Exploring the causal role of intimate partner violence and abuse on depression in young adults: a population-based cohort study</p> <p>Prof Lee Elliott Major: Born to fail? Highlighting inequality in GCSE attainment and what works to reduce the achievement gap for education's left behind</p> <p>Dr Darya Gaysina: Effects of adolescent age at birth on life course mental health: findings from a British birth cohort</p>
12:30 - 1:30 PM	Lunch	
1:30 - 2:30 PM	Keynote 1: Professor Anne Thorup	
2.30-2.50 PM	Poster presentations – one-minute summaries	
3:00 - 3:30 PM	<p style="text-align: center;"><u>Poster Session and Coffee Break</u></p> <ol style="list-style-type: none"> <li>1. Dr Jon Heron: Studying Developmental Trajectories and the risk of Collider Bias</li> <li>2. Niamh Dooley: Longitudinal effects of birthweight on mental health of Irish children</li> <li>3. Lea Perret: The association between childhood peer victimization and suicidality in mid-life: an epigenetic population-based study</li> <li>4. Katherine Thompson: Trajectories of childhood social isolation in a nationally representative cohort: Associations with antecedents and early adulthood outcomes</li> <li>5. Dr Natalie Castellanos Ryan: Modelling Executive Function Across Early Childhood: Longitudinal Invariance and Development From 3.5 to 7 Years</li> <li>6. Alicia Peel: Genetic and early environmental predictors of adulthood self-reports of trauma</li> <li>7. Eglè Padaëigait, Dr Victoria Powell, Dr Gemma Hammerton, Prof Frances Rice, Prof Stephan Collishaw: Mental health resilience in adult children of depressed parents: a prospective longitudinal study</li> <li>8. Dr Jessica Armitage: Time-trends in mental health trajectories across childhood and adolescence, findings from two UK cohorts</li> <li>9. Elisavet Palaiologou: Gene-environment correlation in the associations between emotional problems and the home environment at ages 9, 12, and 16</li> <li>10. Dr Martine Poirier: Evolution of childhood depressive symptoms and conduct problems: sex differences and school and social adjustment in adolescence</li> <li>11. René de Vries: Associations between childhood adverse experiences and emotional and behavioural problems at Age 16 – A Network Analysis</li> <li>12. Ophélie Collet: Does early child negative emotionality moderate the influence of maternal stimulation on academic achievement?</li> <li>13. Dr Gabrielle Garon-Carrier: Classroom Placement Transitions During Compulsory Education Among Children with Conduct Problems Receiving School-Based Services</li> </ol>	

	<p>14. Lorna Ushaw: Young adult mental health resilience in individuals with childhood ADHD</p> <p>15. Olivia Diggs: Adolescent predictors of psychiatric disorders in adulthood: Pathways over time</p> <p>16. Dr Katharine Barry: Adolescent cannabis experimentation and unemployment in young to mid-adulthood: results from the French TEMPO Cohort study</p>	
<b>3:30 - 5:00 PM</b>	<p style="text-align: center;"><u>Symposium</u></p> <p style="text-align: center;">Dr Andreas Bauer, Alicia Matijasevich, Jessica Maruyama, Dr Gemma Hammerton, Dr Lucy Hiscox</p> <p style="text-align: center;">Chaired by Dr Andreas Bauer</p> <p style="text-align: center;"><b>Family violence and developmental outcomes: Findings from three population-based birth cohorts around the world</b></p>	<p style="text-align: center;"><u>Symposium</u></p> <p style="text-align: center;">Dr Judith van der Waerden Dr Naomi Downes Ramchander Gomajee, Discussant Dr Maria Melchior</p> <p style="text-align: center;"><b>Biopsychosocial risk and resilience factors in early childhood and child developmental outcomes: evidence from two French birth cohorts</b></p>
<b>5:00 - 6:00 PM</b>	<p style="text-align: center;"><u>Individual Research Presentations</u></p> <p>Professor Tineke Oldehinkel: Stability of psychopathology from childhood onwards: Lessons learned from longitudinal population surveys</p> <p>Prof Frances Rice: Predicting adolescent major depressive disorder in the offspring of depressed parents</p> <p>Dr Sinziana Oncioiu: The association of language difficulties with peer victimization- a co-twin control study</p>	<p style="text-align: center;"><u>Individual Research Presentations</u></p> <p>Dr Healy Colm: The dynamic nature of psychopathology in youth: Person centred trajectories from early childhood to late adolescence</p> <p>Lucy Karwatowska: Positive and negative parenting practices and offspring disruptive behaviours: a meta-analysis of quasi-experimental evidence</p> <p>Dr Marie-Pier Larose: Consequences of Victimization by Peers on Mental and Physical Health: A Systematic Review of Biological Moderators</p>
<b>6:00-7.00 PM</b>	<b>Wine reception</b>	

# LIFE HISTORY RESEARCH SOCIETY CONFERENCE SCHEDULE

University of Oxford

Venue: Worcester College

Date: Tuesday 12<sup>th</sup> July 2022

<u>Time</u>	<u>Main auditorium</u>	<u>Studio</u>
8:00 - 9:00 AM	Registration/Coffee & tea	
9:00 - 10:30 AM	<p><u>Individual Research Presentations</u></p> <p>Professor Massimiliano Orri: Contribution of birth weight to mental health, cognitive, and socioeconomic outcomes: A two-sample Mendelian randomization</p> <p>Tina Kretschmer: Gene-environment interplay in externalizing behaviour from childhood through adulthood</p> <p>Dr Gemma Hammerton, Dr Jon Heron: Incorporating latent classes into counterfactual mediation models: An example using childhood conduct problems and alcohol use</p> <p>Prof Isabelle Ouellet-Morin: Translational value of stress research in bullying: from biologically-informed longitudinal studies to digital interventions</p>	<p><u>Individual Research Presentations</u></p> <p>Dr Katie Lewis: The Dynamic Interplay Between Sleep and Mood: An Intensive Longitudinal Study of Individuals with Bipolar Disorder</p> <p>Vendula Machu: Consequences of mental health problems in adolescence for work-family trajectories in young adulthood</p> <p>Niamh Dooley: Obstetric Complications &amp; psychotic symptoms in childhood</p> <p>Dr Kate Keenan: Developmental timing of exposure to structural racism and health promotion on cardiometabolic health in young adult Black women</p>
10:30 - 10:45 AM	Poster Presentations - one-minute summaries in main auditorium	
10.45 - 11:15 AM	<p>Poster presentations (with coffee)</p> <ol style="list-style-type: none"> <li>1. Dr Caroline Fitzpatrick: Prospective associations between preschooler digital media use and temperamental anger/frustration during the COVID-19 pandemic</li> <li>2. Prof Tricia Neppel: Intergenerational Continuity of Economic Adversity, BMI, and Emotional Distress</li> </ol>	

	<p>3. Elise Sellars: Children’s resilience to sibling victimisation: the role of family, peer, school, and neighbourhood factors</p> <p>4. Marie Navarro: Behavioral and emotional symptoms predicting adolescent suicide attempt: a symptom-level machine learning study in a population-based cohort</p> <p>5. Maria Melchior &amp; Alexandra Rouquette: Occupational status and depression in young adults under 30 years old during the COVID-19 crisis in France: results from the EPICOV cohort study</p> <p>6. Audrey Mariamo: Patterns of sexting among youth with CP: A latent class analysis</p> <p>7. Dr Marie-Hélène Pennestri: Sleep problems in preschoolers as a function of sleep patterns in infancy: Sleeping through the night or total sleep duration?</p> <p>8. Marianne Lau: Sex Differences in the Associations Between Conduct Problems, Depressive Symptoms, Conflict with Teachers, and School Dropout</p>	
<p><b>11:15 - 12:45 PM</b></p>	<p style="text-align: center;"><u>Symposium</u></p> <p style="text-align: center;">Prof Anne AE Thorup, David Mongan, Prof. David Cotter</p> <p style="text-align: center;">Chaired by Prof Mary Cannon</p> <p style="text-align: center;">Discussant: Prof Louise Arseneault</p> <p style="text-align: center;"><b>Can we prevent psychosis? Using longitudinal data to develop preventive interventions for psychotic experiences in youth</b></p>	<p style="text-align: center;"><u>Symposium</u></p> <p style="text-align: center;">Prof Caroline Temcheff Melina Tomasiello Dr Alexa Martin-Storey Dr Francis Vergunst</p> <p style="text-align: center;">Discussant: Prof Dale Stack</p> <p style="text-align: center;"><b>Childhood Mental Health Problems and Later Medical Service Utilization and Economic Outcomes as Measured Using Administrative Data</b></p>
<p><b>12:45 - 1:45 PM</b></p>	<p>Lunch</p>	
<p><b>1:45 - 2:45 PM</b></p>	<p>Keynote 2: Professor Rebecca Pearson</p>	
<p><b>2.45 – 3.00 PM</b></p>	<p>Poster presentations – one-minute summaries</p>	
<p><b>3:00 - 3:30 PM</b></p>	<p style="text-align: center;"><u>Poster Session with coffee break</u></p> <p>9. Prof Eleanore Hargreaves, Laura Quick, Dr Denise Buchanan: Children’s school life-histories: how can schooling support children’s positive-experience outcomes?</p> <p>10. Marthe de Roo: Internalizing and Externalizing Correlates of Parental Overprotection as Measured by the EMBU: A Systematic Review and Meta-Analysis</p> <p>11. Professor Barbara Maughan: Parent- and teacher-reported predictions from adolescent psychopathology: An outcome-wide association study of 26 outcomes in mid-life.</p> <p>12. Dr Mira El-Hourani, Prof Antonio Zadra, Dr Natalie Castellanos-Ryan, Prof Sophie Parent, Prof Johanne Renaud, Prof Jean R. Séguin:</p>	

	<p>Interrelation between nightmares, internalizing symptoms, and suicidal ideation across adolescence</p> <p>13. Dr Francis Vergunst: Mechanisms and pathways linking kindergarten behaviour problems with mid- life employment earnings for males from low-income backgrounds</p> <p>14. Jérémie Richard: A longitudinal investigation of the externalizing and internalizing pathways to disordered gaming</p> <p>15. Marie Navarro: Behavioral and emotional symptoms predicting adolescent suicide attempt: a symptom-level machine learning study in a population-based cohort</p> <p>16. Marilyn N. Ahun, Lamprini Psychogiou, Frédéric Guay, Michel Boivin, Richard E. Tremblay, Sylvana M. Côté: Maternal depressive symptoms and children’s academic performance: Sex differences in the mediating role of school experience</p>	
<b>3:30 - 5:00 PM</b>	<p><u>Symposium</u></p> <p>Dr Amy Orben Nina H. Di Cara Dr Pete Lawrence Thomas E. Metherell</p> <p>Discussants: Prof Candice Odgers and Dr Andrew Przybylski</p> <p><b>New frontiers in understanding digital technologies as both risk and protective factors for mental health across the lifespan</b></p>	<p><u>Symposium</u></p> <p>Dr Rachel Langevin Dr. Pinto-Pereira Samantha Bouchard</p> <p>Chaired by Dr Marie-Claude Geoffroy</p> <p>Discussant: Prof Louise Arseneault</p> <p><b>Long-term outcomes of childhood adversity</b></p> <p><b>Evidence from linked administrative and cohort data</b></p>
<b>5:00 - 6:00 PM</b>	<p><u>Individual Research Presentations</u></p> <p>Prof Dave Kirk: Exposure to Violence over 25 Years in the Life Course</p> <p>Prof Jean Seguin: The 3D-Transition study: A cohort sequential approach using a measurement-burst and planned missingness designs</p> <p>Prof Rebecca Waller: Low Social Affiliation as a Unique Precursor to Callous-Unemotional Traits: A Longitudinal Investigation in Two Independent Samples</p>	<p><u>Individual Research Presentations</u></p> <p>Olivia Diggs: Problem drinking trajectories of parents and offspring from adolescence to older adulthood</p> <p>René Vries: Proposing Network Analysis for Early Life Adversity: An Application on Life Event Data</p> <p>Marie Navarro: Machine Learning Assessment of Early Life Factors Predicting Suicide Attempt in Adolescence or Young Adulthood</p>
<b>6.40 PM</b>	<p>Group walk to Conference Dinner Venue (Harris Manchester College) – meet at reception desk</p>	
<b>7:00 PM</b>	<p><b>Conference Dinner – Harris Manchester College</b> (pre-dinner drinks at 7pm)</p>	

# LIFE HISTORY RESEARCH SOCIETY CONFERENCE SCHEDULE

University of Oxford

Venue: Worcester College

Date: Wednesday 13<sup>th</sup> July 2022

<u>Time</u>	<u>Main auditorium</u>	<u>Studio</u>
8:00 - 9:00 AM	Registration/Coffee & tea	
9:00 - 10:30 AM	<p><u>Individual Research Presentations</u></p> <p>Dr Rachel Latham: Violent experiences and neighbourhoods during adolescence: understanding and mitigating the impact on later mental health</p> <p>Dr Jasmin Wertz: Enduring effects of parenting in childhood on noncognitive skills in early adulthood: Evidence from a monozygotic twin difference study</p> <p>Dr Kayleigh Easey: How maternal and paternal health behaviours change during and after pregnancy: A multi-cohort study</p> <p>Dr Caroline Fitzpatrick: Developmental associations between adolescent internet use and depression symptoms: a causal modelling approach</p> <p>Dr Gabrielle Garon-Carrier: Early Childcare Enrollment and the Pursuit</p>	<p><u>Symposium</u></p> <p>Dr Ellen Thompson Dr Charlotte Booth Dr Olivia Hamilton Dr Bettina Moltrecht Chaired by Dr Ellen Thompson</p> <p><b>Examining mental health inequalities during COVID-19 in the National Cohort Study - Longitudinal Health and Wellbeing programme: Joint analysis across 12 longitudinal studies and electronic health records in the UK</b></p>

	of Higher Education: A Canadian Longitudinal Study	
10:30 - 11:00 AM	<p style="text-align: center;"><u>Poster Session (with coffee)</u></p> <ol style="list-style-type: none"> <li>1. Laurianne Fortier: Transactional associations between lifestyle habits and anxious and depressive symptoms in adolescence: A population-based study</li> <li>2. Prof Christy Denckla: Social patterning of the association between bereavement, post-loss psychopathology, and cognitive ability among youth in the ALSPAC cohort</li> <li>3. Dr Gabriel Tiraboschi: Video game consumption as a risk factor for the development of ADHD in early adolescence</li> <li>4. Olivia Gunther, Melina Tomasiello; Olivia Crescenzi; Prof Caroline E. Temcheff, Dr Marie-Claude Geoffroy; Prof Michele Dery: The Impact of Childhood Head Injuries on the Development of Conduct Problems, Internalizing Problems, and Academic Outcomes</li> <li>5. Megan Frith: Modelling the P-factor in developmental psychopathology: A multi-informant approach</li> <li>6. Prof Alison Hipwell: Examining the influence of preconception stress exposure on prenatal health</li> <li>7. Sophie Chaput-Langlois: Peer victimization profiles from kindergarten to second grade and transitions over time</li> <li>8. Dr Elisabeth Morin: Maternal depression and parenting practices: moderating effects of key perinatal factors</li> <li>9. Dr Maíra Lopes-Almeida (presented by Dr. Fitzpatrick): Preschooler screen time is prospectively associated with increased impulsivity during the Covid-19 pandemic</li> <li>10. Christine Laganière: Depressive and Anxiety Problems in Children with Sleep Bruxism</li> <li>11. Thomas Broughton: Relative Age in the School Year and Mental Health Problems in Childhood, Adolescence, and Young Adulthood</li> <li>12. Émilie Fletcher: Mental health trajectories of adolescents who engage in gambling behaviours</li> <li>13. George Hales: Cross-lagged relationship between child adversities and difficulties in childhood</li> </ol>	
11:00 - 12:30 PM	<p style="text-align: center;"><u>Symposium</u></p> <p style="text-align: center;">Dr Michelle Degli Esposti Prof. Joseph Murray</p>	<p style="text-align: center;"><u>Individual Research Presentations</u></p> <p>Dr Pia Mauro: Longitudinal changes in cigarette smoking among middle aged and older U.S. adults in the context of COVID-19</p> <p>Dr Tim Matthews: The developmental course of loneliness in adolescence: Implications for mental health, educational</p>

	<p>Dr Andreas Bauer Dr Thais Martins-Silva Discussant: Prof Barbara Maughan</p> <p><b>Time trends and risk factors for child behavioural problems and violence across four Brazilian birth cohorts</b></p>	<p>attainment and psychosocial functioning</p> <p>Emma Francis: Objective and subjective measures of adverse childhood experiences and association with psychopathology: a meta-analysis</p> <p>Dr Natalie Castellanos Ryan: Adolescent cannabis use and cognitive function: findings from three Quebec longitudinal cohorts</p>
12:30 - 1:30 PM	Lunch	
1:30 - 2:30 PM	Keynote 3: Professor Candice Odgers	
2:30 - 3:00 PM	<u>Poster Session – one-minute presentations</u>	
3:00 - 3:30 PM	Coffee break – planning for LHRs 2024!	
3:30 - 5:00 PM	<p><u>Symposium</u></p> <p>Prof Rebecca M. Pearson Prof Helen Sharp Dr Nicola Wright Chaired by Prof Jonathan Hill Discussant: Prof Andrew Pickles</p> <p><b>The impact of COVID-19 on child and adolescent mental health: Separating pandemic from typical maturational effects</b></p>	<p><u>Symposium</u></p> <p>Prof David P. Farrington Prof Darrick Jolliffe Dr Katherine M. Auty Dr Henriette Bergstrom Chaired by Dr Henriette Bergstrom</p> <p><b>Recent results from the Cambridge Study of Delinquent Development (CSDD)</b></p>
5:00 - 6:00 PM	<p><u>Individual Research Presentations</u></p> <p>Dr Charlotte Vrijen: Genetic Confounding in Peer Bullying Research</p> <p>Dr Jasmin Wertz: Genetic influences on parental investment from conception to inheritance: 30,000 parents in six cohorts</p> <p>Athena Chow: Early risk factors for joint trajectories of bullying victimization and perpetration</p>	<p><u>Individual Research Presentations</u></p> <p>Dr Marilyn Ahun: Maternal depressive symptoms and children's cognitive school readiness: The role of gene-environment interplay</p> <p>Prof Jean Seguin: Children's resilience and vulnerability in the transitions from preschool to grade school: The 3D-Transition study first results</p>
